

**Amendments to the Specification:**

*Please amend the paragraph starting on page 2, line 3 of the specification, as follows:*

In accordance with the invention, this object is achieved ~~in the case of a device having the features mentioned in the preamble of Claim 1~~ in that the drawer guide comprises at least one guide rail at the drawer side and one guide rail at the corpus (i.e., chamber) side and at least one rolling member assembly by means of which one of the guide rails is guided in displaceable manner on another guide rail of the drawer guide in the direction of movement of the drawer and which comprises a cage for the rolling members, wherein

*Please amend the fourth paragraph on page 14 of the specification, as follows:*

~~Claim 24 is~~ One embodiment is directed toward the use of a drawer guide which comprises at least one guide rail at the drawer side and one guide rail at the corpus side and at least one rolling member assembly by means of which the drawer side guide rail is guided in displaceable manner on the corpus side guide rail or on another guide rail of the drawer guide in the direction of movement of the drawer and which comprises a cage for the rolling members, wherein

*Please delete the paragraph starting on page 15, line 8 of the specification, as follows:*

~~Special embodiments of such a use form the subject matter of the dependent Claims 25 to 40, the advantages thereof having already been previously described in connection with the special embodiments of the device in accordance with the invention.~~

*On page 38, please cancel the entire Abstract and replace it with the replacement Abstract set forth on the following page:*
